GRADE 12

12(1)
Some people say we' re the smartest people of the year. This may not be true. However, it' s certain that this is a class where everyone has his or her dream and is willing to fight for it. Some people also call us "nerds". It' s true that we are the hardest-working people of the year, yet the word "nerd" is only for people who cannot play music and sports as well as we do. Thanks to our destiny which has brought us together at SHSID which gives us a great environment and Ms. Luo who cares about us as much as our parents do. During the hardest year, there may be pains and tears. Yet, there' re always smiles, laughs, and love around us and encouraging us. It is the happiness, love, and dreams we share which bring us so close and make us so strong, both physically and mentally.

12(3)
Our class, consists of IB certificate students and the students in Chinese section. Although we are heading to different ways we all work hard. For the IB certificate students, most of us have many classes in common, and we have same goals. This year is the last year of our senior high school. Hope we all have a meaningful and wonderful time.
12(3) 的留学生同学来自不同的国家，在文化背景、生活方式上有很多不同，但我们能互相理解，互相包容，和睦地生活在一个大家庭中。虽然我们在学习上困难重重，但我们始终保持着积极、乐观的学习态度。毕业临近，这个大家庭留给我们的美好回忆将永远铭刻在心！

12(4)
12(4) 班汇集了各国的人才，各式各样的才艺：有吉他手、歌手、舞者，还有精通厨艺的日本女孩。12(4)班的学生不仅活泼可爱，在学业和体育方面也都有杰出的表现，个个都是未来的精英。12(4) 班的每位同学，都积极地为光明的前途而努力着。

12(5)
羽翼成熟的雏鸟，总有一天要离巢；再美的故事，总是会有一个结束。今年是我们 12 (5) 班在上中国际部的最后一年。我们这一班，虽然没有 IB 全科生和中文系学生那么多的压力，但我们拥有绝对不会输给他们的自上心。在这最后一年，12(5)班的学生都已经长大，不再是当年那用青懂的孩子。毕业后，我们将会各分东西，也许以后不会再见面，但是，这一段高中生活，我们所创造出来的回忆，将永存于 12(5)班每一位学生的心中。

12(6)
共同点来自于我们能融洽地和睦相处。我们年轻、活跃，每个人都如此不同，有 不同的个人风采。班级学校让我们团结在一起。在互动中学着了解、包容与尊重 友善地面对来自不同国家和背景的每一个人。在这里我们一起成长、创造、回忆。

12(2)
12(2)班是一个三级2班，全校唯一没有体育课，没有课外活动，连看电视也给视为奢侈的一班，整天承受高考的重压。气氛虽然沉闷，生活虽然单调乏味，但我们对于未来充满信心，我们决不输给任何人！为了读书我们废寝忘食！但我们忙里偷闲篮球场上的抢分，忙里偷闲中的养生，美容之道，应有尽有；素描漫画不同风格，通俗高雅各式音乐，皆而可之，甚至更有稀奇古怪点子和功课如神般好的人 —— 这些各有特色个性的 17 人组成的“迷你”班，让我们更有“校园家庭”的感觉。尽管有时为小事争吵，烦恼，但我们总从不忘互相鼓励、互相扶持，不断告诉对方“我们是站在同一条船上的！”不会有人单落，没有人会被遗弃，因为我们知道“战友才是真正的朋友”，因为我们约好一起为未来努力，完成更多的“不可能”

Throughout my whole life, I had always denied friendship and faith: disliked the concept of anyone being near me, and always loved to live by myself (alone). But times have changed and so have I. The year is coming to an end and so is our friendship (may be ???) onpurpose good luck to all of you.
Since I am limited to two words, I wanna send short wishes to some of my friends who were responsible in changing my

Vivian = my cute heart-breaker !!! *** not to forget 2 beautiful journeys
Charles = my special emotional friend
Andrew = the tall, mature, / version
Lisa = my supporter
Austin = my little bro near dude
Kenji = the cute one !
Vina = my gentle sweetie
John = "my so-called dude" (according to vivian)
Sasha = the "cool" one !
Matthew = my only Indian friend
Alex = Always responsible for studying
Phillip = "little" uncle. Little's hair
Jennifer = Still love that smile !
Tonybo = the only person irritated by my crazy ear thieves.

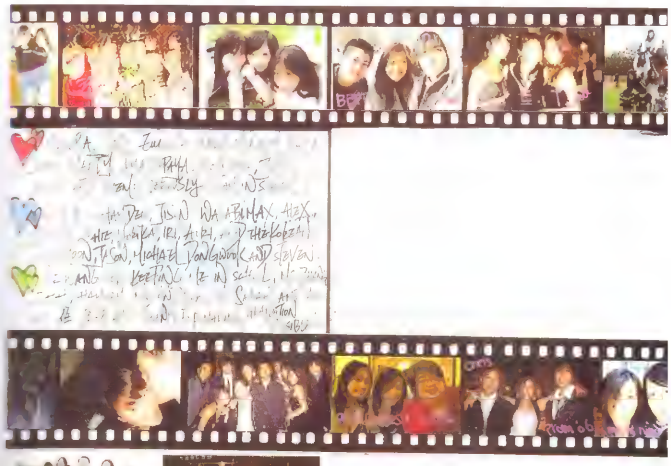
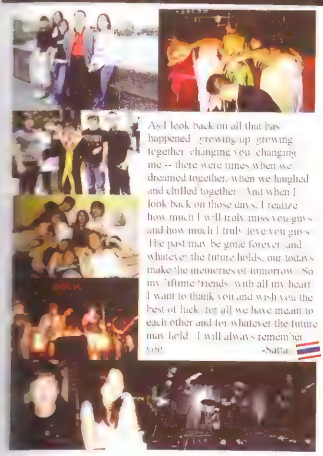
I hanks to my teachers, friends, Dota, computer room, and special thanks to Eric for my page





As I look back on all that has happened - growing up, growing together, changing you, changing me -- there were times when we dreamed together, when we laughed and chilled together. And when I look back on those days, I realize how much I will truly miss you guys and how much I truly love you guys. The past may be gone forever, and whatever the future holds, our todays make the memories of tomorrow. So my "ffffme" friends, with all my heart I want to thank you and wish you the best of luck for all we have meant to each other and for whatever the future may hold. I will always remember you!

where I say my thanks? First of all,
to my parents to thank. Surely,
raising me up wasn't an easy task. But it was done, and
I am. Thanks to my sisters, Hayley and Hayppy, for the
advice that they've given me throughout the years. A
thanks to all of my teachers for putting up with me in
the last but not least, a word of thanks to all of my
friends. For all those memories we've made and all the stories
we've shared. Time has been a tricky little devil, and I know
I will not having spent more time with some of you.
Please take care. I'll see you all in the distant future...
I'll see YOU in college.

Xinyi – my Soulmate
Kevin – my Teddy Bear
Yu – my Godmother
Michelle – my Sister in Heart
Kimiko – my Model
Jennifer – my Curve
Tsukasa – my Confidant
Kiyomi – my Inspiration
Yumina – my Happy Virus

After much deliberation, I've decided to go ahead on this page. Read on with caution:
I'd hate to sound cliche but I really can't believe it's finally my time to graduate.
The end of our high school and adolescence is approaching with every stroke of this pen.
I don't think I'm ready, but I suppose none of us ever are. The 7 years in SHSID have been a memorable rollercoaster ride and I couldn't have asked for more. I'd like to thank Mr. Xaque & Mr. Andrew for being white, as well as suffering side by side me through IB. More importantly, I'd like to thank all my friends, of course, including Andrew, Vivian, Alan, Maria, Austin, Lisa, Vivi, the "Jamin" Krew, not choosing Krew but classmate girls Krew, those Japanese girls, basically everyone in Class of 2007, including DIAH. All of you have made a lasting impression on me, Even you Fangbo.
Our roads diverge here but multiple paths lead to heaven. Cheers to SHSID, Class of 2007

The past 4 years have been the best times of my life. Every one of you has made Shanghai a memorable place. I thank you for all of the wonderful times we shared together in this rough crossing.

Vivian – my soulmate. Thanks for the care and the hair
Smiles – CTG. Fight on, cowboy.
Kenji – 哈遊詩人 雜錦 七錄精神
Marky – 1st man to send NYU a recipe. Down with the system.
Austin – Crazy hair dude/girl (?) Keep stroking
Lee – Your spirit lives on with us. You like that
Mr. Andrew – my Freud. Much love

For those of whom I didn't mention, you know who you are. As much as I want to press the rewind button, life goes on. But I'll remember you ... Especially YOU! And now... perhaps a cognac... to our next crossing? Cheers.

MARKY MAN

We are a misplaced generation
not yet for spaceships but the dreamers have already been
a thousand causes for the youth to scream
when the time comes will die and bleed
for all the thing you so passionately screamed
perhaps not misplace but simply lost
will the spaceships ever come.

dats been good.

Graduation is ringing my bell. Time to ponder upon my high school life and expect what I am to face in a world of possibilities. I luv my friends, and, my teachers whom I cannot mention one by one (cuz of 13cm*10cm limit) .. It feels so awkward that we have to part each other and face a world. Still, there is one thing that will remain with us all along – The SHSID Tie(TST). I not lose this TST, for we are to meet again. Had Fun with y'all! And Bye, SHSID!

Remember that the first day I came to school, my friends from other classes kept saying how they envied me for getting into the party class ---11(4). Our class is the most active and enthusiastic one ever, we are just fantastic. Ms. Jiang Min is a responsible teacher. She gave a lot of ideas of how to increase our interest and concern on study. Although we did not care about colleges at first, we changed because of her effort.

Come to our class in 310, chill out and have fun!

11 (5)

11(5) is a class like all the other classes here with udentsfrom 10 countries and regions. What is most aluable in this class is the cohesion. Every time there is n activity, which class has the longest list of students who vant to participate? Definitely class 5! We have many dents in our class: The best badminton player: Joe & race; The students who most readily make posters: nny, Claire & Eva; The students who are design experts: homas & Lingjie. The basketball player with most otential Ivan...Of course, we are not only excellent at ctivities, but also we are in the process of preparing for ese standardized test. We look forward to the dual harvest of both studying and school events!

Throughout the school year, students have been busy with the hustle and bustle of their junior year. As diligent as ever, class 6 has also been preparing academics and studies for their transcripts for college. The bright and smart students of class 6 are full of talent and surprise. Our actions and services are abundant and colorful, but our standards to do well are set even higher. We are an active and energetic class inside the four-by-four walls of the white-lined room. Everyone is friendly and our class is welcome to you. 我们班是一个非常团结的班级，有什么 动都会积极的争取最好的成绩，对任何事情都抱子最大热情 班级里的每个人都相处融洽，只要有困难，不管是谁都会 伸出援手。而且我们的老师是11年级最年轻的唷！她很 漂亮，也很负责。同学们都很高兴能待在这个活泼的团体， 我们是最棒的！

11(7) is obviously quite a fabulous class. Each d every student is an important member of our class, ardless of their nationality, religion, or personal erests. All of us are different in some aspects, and respect each other for these differences. Our class esn't never prevents us from working, learning, or ying together, and it's this unity and teamwork t makes us pull ahead of the other classes in many competition. And the most important member our teacher Mr. Zheng. He's been a great and keep our homeroom together and encourages each and every We're not implying that we're the mber one class, and we don't care if we are. We just meet our own definition of perfection.

10TH GRADE

10 - 1

时光如梭，光阴似箭，又一个学年 晃而过了。我们10(1)班也在这段时间里变得更成熟与团结。彼此之间的感情也加深不少。我们班有开朗的香港人，酷酷的台湾人，搞笑的韩国人，还有安静的日本人。我们班还有从美国，荷兰和印度来的成员呢！由此可见，我们班级真的是聚集了世界各地的人，但是，我们能同心协力，一起让我们的班级更上一层楼。无论是Duty，成绩，学习态度，我们样样进步。成为了一个十分不错的班级。我们还要感谢我们的于海峰老师，他以他的方式，使我们每个人都颇有责任感而更加能融入将来的社会。最后，虽然这一年过得很快，但是我们10(1)班的每一个成员都跨了一大步到达最后的终点：美丽，幸福，而精彩的未来！我们有永远的激情，我们是永远的10(1)班！

10 - 2

United we stand! Class 10(2) is a family of students, although originally unacquainted, each from a different corner of the world. However, as we arrived here, we all put aside our differences, making friends, giving each other a helping hand, and studying together while constantly filling the classroom with joy and laughter. Everyone flocks around to help with activities, ranging from the everyday duty to the designing of the class billboard. With more hands, we are able to achieve much more in less time. Our class is full of students with his or her unique talents. There are future Iversons, Van Goghs, and Einsteins! As we share our specialties and learn from others, we all become more and more prepared for the future. This year, we worked together to overcome many obstacles, and had a lot of fun during the process. We all look forward to another year to spend with each other.

10 - 3

Our pulchritudinous class, 10(3), consists of students from America Japan, Taiwan, Korea, Canada, Singapore and Thailand. During this year, our students had learnt to adapt the environment and academics of sophomore year. According to their interests, our vigorous students also had participated in social activities, both in and outside of school campus. And that's how WE ROCK!

Grade 11(7)

10-7

10（7）班的成员们来自世界的各个角落，以不同的文化背景融合成了一个丰富多彩、富有特色的大家庭。我们可以从彼此身上学到不少东西。我们班有不少品学兼优的同学，也有不少踊跃参加各项社团活动的同学，还有学生在艺术节的活动中表现出色。别小看了10（7）班，我们这里可是龙卧虎呢！虽然10（7）班是10年级才重组的班级，可是经过快一年的相处，我们之间变得越来越团结了！大家相互帮助，齐心协力，在快乐积极的氛围里一起进步，迎接着充满希望的未来！

10-8

我们10（8）班全体同学在短短的时间里，从相识到相知，最后成为一个整体。并且在年轻，富有朝气的班主任的带领下，学校的每项活动，都活跃着我们的身影。虽然我们的成绩还不是最好，但我们都有一个共同的心愿为10（8）班争光。我们就像龟兔赛跑中的小乌龟，虽然大贤不如兔子，但为到达目标，一点一点不懈的努力……最终得到最后的胜利！

10-9

Optimism impregnates our class. We, students of class 10(9), approach new challenges with great enthusiasm and perseverance, and gain a sense of satisfaction by overcoming obstacles. Motivation and self-esteem enables us to reach our potential and strive for excellence in multiple fields. We are making steady progress and heading towards an auspicious future. We all like our class.

10-6

Our class is completely normal and boring, and, therefore, the only class that's sane (unlike all the OTHER classes). We're one of the most activity oriented and cooperative classes in the whole school, since almost everyone in 10 (6) joined at least one club, participated in the Art Festival, or signed up for the Sports Meeting. As a unit, our class works well together, getting class projects done quickly and efficiently. Ms. Zhou is a great teacher and she helps every student that asks for help, and takes care of us all the time. Our class is always trying its hardest to improve, which is why we won the Rapid Progress Award last semester. We take pride in being the most determined and normal class in the tenth grade. We love 10 (6)!

9(1)

9(1)

At the first glance, class 9(1) may seem like any other class. However, we're still unique and special in many ways, and all of us in this class are proud to be part of this big "family".

Together since 7th grade, every one of us has contributed, big or small, to this class. From the sports talented Shumpei Fujiwara to the responsible and hardworking Yong Liu, each every student in 9(1) is unbelievably remarkable and special. Even though we may seem like chalk and cheese, in the end we always teamwork, cooperate and have fun together. always try and help each other whenever we can, and continuously encourage one another. Overall, 9(1) will always be an awesome class no matter where any of us end up; and besides we're number one!

9(2)

9(2)

Diverse, multifarious, and full of surprises, 9(2) most certainly represents only the best of each aspect of the colorful ninth grade. With people of many ethnic groups - including Japanese, Korean, Chinese, American, Indonesian, and Polish working hand in hand to create a friendly and fun atmosphere, our hardworking and determined classmates of 9(2) are not to be underestimated. Some of our best include Leo, Shanghai's local badminton champion; David and Anjali, diligent students and top GPA achievers; Dowon, our responsible ASB representative; and our various participants in the recent Art festival. With Ms. Li, our understanding and dependable homeroom teacher, our class of 9(2) is a small community in itself, and a wonderful one at that.

9(3)

9(3)

Speaking of diversity, 9(3) is certainly the most diverse! We have students from all over the world. but that's not what makes 9(3) ultimately diverse, is the different personalities we have that make us special. In our class, you can find smart ones, the lazy ones, the attractive ones, the talented ones ect., and it is also not surprising to find some rebellious students. Nevertheless, we have a cheerf teacher around us all the time, Ms. Shen, who supports us in anything. We cherish the time we spe together.

9(4)

e! Welcome to class 9(1). Like every other tudents of 9(1) come from all over the te all our differences, we unite together t the most brilliant classes in SHSID J. f ourselves that we excel in both studies Has boy's 4x100m relay won the championship rs in a row and we have one of the highest all the tests. 9(5)

9(5)

There are 30 students in our class. All the students are very active not only in study but also in all kinds of activities of the school. Especially our class got the first one in BQH competition in the first semester by our hard working. We are very proud of it because it needs the efforts of everybody. Everyone in our class has bonded closely, we have built the foundations of solid friendships. We have a mutual understanding and respect that goes beyond words. The multi-cultural environment has enriched our high school experiences, it has broaden our views of the world and has given us the opportunity to be exposed to a diverse range of people, and of course. We believe that we will meet more challenges and get over it together.

翻开泛黄的书页，那于脑海中陈列已久的笑靥。拾起飘落的过去，嘴角扬起的冲动，无法言喻。9（8）———最温暖的教室，最具风格的穿著，和一双双天真的真挚瞳眸，忘不了。时间带走青春，如流水，潺湲不息，但那8班的痕迹，却将永远埋藏于记忆深处。回首9（8）的欢乐时光，我们都还保有最初的笑容和最纯的心灵，我庆幸着。 献给9(8)全体师生，马旦叶

A genuine representation of the "fresh blood" of the 9th grade, Class 9 (9) is an exciting, optimistic, and multicultural class. Our diverse class constructs a unique and colorful environment and consists of numerous nationalities, including Korean, Canadian, American, Taiwanese, Japanese, British, and Brazilian. ASB representative Roald, monitors Edward, Tim, and Rika, and many other diligent students regularly participate in volunteer work and raise our team spirit. Combining all of the best aspects of the 9th grade with our fun and helpful homeroom teacher Michael, Class 9 (9) is a superb learning environment.

Our class and teacher are the best! I love us! And I know you do too!

8(2)

Hello! We are the superb, cheerful, and enthusiastic class of 8(2)! All the students pride ourselves in our open minds and active participation. Not bound by strict rules of silence, we willingly speak our opinions and thoughts. The liveliness of 8(2) is what makes classes enjoyable! Classes would be such a bore without us. Of course, students of 8(2) are talented in many ways! We are a diverse group of intelligent, artistic, and athletic people. Some students have shiny report cards, while others make amazingly brilliant posters. Plenty more are great when it comes to sports. One important thing is unity of students in a class. 8(2) certainly doesn't lack this point—we cooperate very well. Why else do you think 8(2) won in the Dodgeball Competition? We might not be perfect, but we do have some victories!

8(3)

The class of 8(3) is a wonderful place. We have many students who are extremely talented in different varieties. We are all eager to enter compet
tions from sports like the dodgeball competition to intellectual competit
like sudoku competition. We all have a lot of fun. At times we are sensib
other times we maybe a bit crazy, but we are strong and will try and obe
rules. Now we are learning to be more responsible, more helpful and more
honest...Yeah, well, that's 8(3), everyone trys to be a perfect student.

8(4)

We are class E-I-G-H-T F-O-U-R! Yes. Does that ring a bell to the word "extraordinary"? Class 8(4) is indeed an extraordinary class. Why? Well, that's because we have an extraordinary teacher! She is ..... MISS SHEN! Her classes are fun and interesting. Other than our extraordinary Miss Shen, we have our extraordinary students! We have athletic and charming guys as well as creative and talented girls. Yes, we do lose in games from time to time, but so what? We participated and put our efforts in it. We lost the game, but gained the lesson of it. In Class 8(4), we enjoy our school life in SHSID. You should too.

8(5)

...k! It's 8 (5)! The, like, most awesome class ever! We basically, like, rock in every
...way you can think of. Our class has singers, smart students, athletic cool
...d even just totally awesome people who are, like, unique in their own
...way. Our class has actively developed somewhat of a "special bond". Phil, our
...ool teacher, has brought us through the year helping us improve and take the
...p of life with courage and confidence. Next year will be our first year of high
...d we know that all of us will be able to walk that path with hope and self-
...e because of the wonderful year we had as a class called ... 8 (5)!!!

8(6)

8(6), a seemingly ordinary class, though you can never imagine how vigorous and talented we are. We are a multicultural family, which consists of more than 25 diligent students; including trendy Koreans, sociable Indonesians, the absurdly energetic and boisterous students from America, and Ms. Yang, our homeroom teacher. She is kind and fair towards all students, and above all, she creates a carefree and relaxing environment, providing us with the most comfortable school life possible. Although our cultures, talents, and appearances differ greatly, we lay aside our differences and unite to achieve the best results in 8th grade. Overall, this year has been an enjoyable and memorable experience to all of us.

Grade 8(1)

Great Teacher: understanding, kind and fun
Help and stand up for each other
Talents and specialties: athletic, artistic, funny, smart, outgoing, etc
Sports we rock at: basketball, jumping rope, running, dodgeball

Variety in nationality and personality
Everyday, we learn something new
Nice, kind, caring, understanding, impressive in different ways

Each of the 25 students in our class is unique and special in their own ways. Coming from different cultures, 8(7) is a class of diversity. In general, we are a friendly, outstanding, and appealing class. We may not be the best, but we try our best!

8(8)

Class 8(8) is a new class of the first semester of this year. Although we had to try to get used to the new school environment, we still tried our best in all the classes and participated in school activities. Our class is made up of a diverse group of people from different parts of the world, so everyone is very unique from each other. As a result, we can learn from each other and get to know our different cultures, language, etc. That is why our class, just like all the other classes, contributes our diversity and uniqueness to the 8th grade as well as the whole school. We will try and become the best class ever!

8(9)

This was a class of new students. For some of them, it's their first time to come to Shanghai. They were not familiar with the school but they were enjoying making new friends around and having fun together. Every morning students gave a self-introduction in turn. They talked about their own interesting experience and funny stories, and introduced their country, family, previous school, and their hobbies. By doing this, they could know each other better and fast. School is not only for reading books. Happier

7(1)

Shanghai High School International Division Class 7(1) 2007

7(1)

There are so many outstanding students in our wonderful class of 7(1). We have many intelligent students like Christine, Alex Wu, and Anita, athletic students like Michael, Jacob, Jacky, and Curtis, students full of imagination like Shivani and Clarissa, and talented people like Sofly, Yuka, and Angela, one of our new students. Everyone did their best to win us the reputation of the 5-star class. Each and every person in our class is very nice, including our superb teacher, Ms. Miao. She is a very generous and helpful teacher who has a very strong leadership. I am incredibly proud to be a student of 7(1)! by Anita Chen

7(2)

Shanghai High School International Division Class 7(2) 2007

7(2)

We are the class of 7(2)! How nice to meet you...bows! Our homeroom is the Art building room 303. Hopefully you can come and visit it sometime. This classroom is the center of learning, education and sports. Every student in this class is diligent, confident and smart. We have very smart students like Hana Lim and Leo Zhu. We have artistic students like Elissa Ye. We are just a big melting pot of everything! Our teacher, Ms. Lu has been kind to us and cheered for us during Capture the Flag. In the end we won the competition. We have students from the U.S.A, Canada, Korea, Taiwan, Hong Kong, Germany, and France. So we students from all over the world say "Hello" to you!

7(3)

Shanghai High School International Division Class 7(3) 2007

7(3)

Entering our classroom, you may find yourself being buffeted with warm welcomes greeted by a lone but sincere smile. We are 7(3) — perhaps the class where relations are valued amongst other things, like friendship, unity, and understanding. Although we may be the neatest, or the strongest, nor the toughest, but we've still got a number of notable achievements; second in soccer and tug-of-war, high test score places, and a number of able prizes in individual competitions. We are 7(3), and we're the class who will be remembered as " the jades-of-all-trades

7(4)

Shanghai High School International Division Class 7(4) 2007

7(4)

Hello everyone, my name is Alex Wang of the 7(4) Class. I'd say yearbook introduction just talks about the borine fact that their class is the best or they have people from every country. It's proved throughout last semester that our class is clearly not the best, but here's why it's unique. As a Canadian, I am not included in the reason, but I would say our class has only 2 main races: Chinese and Korean. They dominate our classroom, and that's not a bad thing in fact, it's very special. We have more of a pure homeroom than any other in 7th grade. If you would share the experience of one day in P&B with our class, you'll laugh and really get to like this active and lively class. Our students really have skills and are able to become a very successful, maybe even world leader one day. Until then, the role of our class leader belongs to Mr. He, a little strict and experienced teacher, but that's why I like him. Think about why this really makes our class unique.

Class 5(2) is the best class in the world. Inside the small room of 106, Main Building hides future geniuses, artists, musicians, and athletes. Every student in 5(2) is extraordinary. Every student in 5(2) also shares their own abilities. Some are rather gifted in sports, some in the arts, and some in the knowledge of our gigantic brains! So, in the result of everyone being so goodie-goodie, we proudly won the Caring Prize, the Sports Competition Prize, the Knowledge Competition Prize, and many, many, other grade or school activities. We try hard to do our best to achieve our goals. We practice, practice, and practice to achieve good scores, make new friends, and have fun!

Mr. YeXing, our homeroom teacher, helps everyone feel unique by bringing out the brilliance in us, leaving the foolish parts somewhere else, and by making everyone feel like a star---(Class 5(2) is full of stars. "A tree with many leaf stars---" ,as it says in Mr. YE's name!)

5(4)

5(4) is a big family, the member of which come from different countries of the world --- like America, Australia, Britain, Canada, Japan, Korean, Singapore, etc. We all love the school life in SHSIE because the teachers are very nice and patient, especially Ms. Mu. She is like an elder sister because there are various activities like charity fair, tug-of-war, talent show, and speech competitions because we can learn a lot of things and make a lot of friends here. It's a fabulous being a member of 5(4)!!

5(5)

In 5(5), we have 24 students, each with diverse backgrounds. We have a lot of happiness in this class and have blended together in there two semesters. Everybody has a story to tell, and nobody is left behind. When somebody has problems, the others try to help them. There are many things to remember about this class. On the first day of school, everyone felt scared. In our minds, we were thinking: "Was there going to be a bully? Or was I going to have no friends?" but we had no worries. Within a week's time, we had all found a good friend, or even some old friends! Our teacher, Miss Cheng is also very nice. She always gives out sweets and is always in a happy mood! During the two semesters in 5(5), long-lasting memories have been embedded in our life-line, and these memories definitely are good ones!

5(6)

Class 5(6) is a new addition to the primary school this semester. All nine new students are new to Shanghai International School. Each student is unique and has unique experiences that they bring to class. They have been quick to adjust to a new school, new friends, and a new routine. Some of the students in this class were classmates before coming to Shanghai High School, but have openly welcomed other students into their group. Many are very outgoing and enjoy talking to anyone they meet. The students of Class 5(6) come from many different countries like America, Canada, Korea, and Australia. With the new students come many talents, such as piano, painting, and the flute. They are anxious to participate in school activities like ASB and the Poster Club. These students that do participate are very active and take their responsibilities very seriously. As the teacher of Class 5(6), I have to say that they are one amazing group of kids and that it is a rewarding experience to guide them through their first semester here at Shanghai High School.

4(4)

Hi, we are class 4(4). A 'brand new' class of 15 new students and our class teacher Mrs. Yao. We come from U.S.A, Britain, Australia, Canada, Korea, Japan, Taiwan and Hong Kong. Sports are our favorite; if you come to our playground after lunch you can see us in the table-tennis competition and rope-skipping competition. We like school activities, charity fair, music festival etc., and had a good time. Our class teacher is very nice to us and feels like a friend of ours. She says every one of us is unique, and always encourages us taking every chance to show ourselves. We have a lovely class, and we have faith to make it the best!
